EDUCATION

BSc in Computer Science
Computer Science – Eötvös Loránd University

📅 Sept 2017 – June 2020

- Overall qualification: excellent

MSc in Computer Science
Artificial Intelligence specialization – Eötvös Loránd University

📅 Sept 2020 – June 2022

- Outstanding Student of the Faculty award
- Overall qualification: excellent

EXPERIENCE

Student Developer
Ericsson

📅 March 2020 – September 2021

- Developed Machine/Deep learning based solutions
- Data collection and visualization using InfluxDB and Grafana
- Log analysis and classification

Teaching Assistant
Eötvös Loránd University

📅 September 2021 – January 2022

- Held practice sessions for the Principles of Artificial Intelligence subject
- The subject includes practices about classical AI, Machine Learning and Deep Learning

Student Researcher
Eötvös Loránd University

📅 November 2018 – June 2022

- Part of the Machine Learning for Software Engineering research group at Eötvös Loránd University
- Working on example-based neural program synthesis methods

Backend Developer
CoinCash

📅 October 2021 – ongoing

- Moving infrastructure to AWS
- Developing microservices

PROJECTS

Flexcoder
Eötvös Lorand University

- Research project about Deep Learning Assisted Program Synthesis
- Tech: Python, Tensorflow, Keras, PyTorch, NLTK, LaTeX
